5 Ways Technology is Transforming Accounting

The age old question for every accounting student or young professional seeking a position in public accounting will ask: "What Line Of Business Should I Choose: Audit or Tax?" For some, the answer is simple. For others, it can be a bit more complicated. So we're here to help break down what each entails and what the pros and cons are.

Public Accounting: Audit or Tax? | Roger CPA Review

The purpose of accounting is to provide the information that is needed for sound economic decision making. The main purpose of financial accounting is to prepare financial reports that provide information about a firm's performance to external parties such as investors, creditors, and tax authorities.
