The many gods of the religions of the ancient world fulfilled this function as specialists in their respective areas. In some cultures, a certain god or goddess would become so popular that he or she would transcend the cultural understanding of multiplicity and assume a position so powerful and all-encompassing as to almost transform a polytheistic culture to henotheistic.

The earliest records of vegetarianism as a concept and practice amongst a significant number of people are from ancient India and the ancient Greek civilizations in southern Italy and Greece. In both instances, the diet was closely connected with the idea of nonviolence toward animals (called ahimsa in India), and was promoted by religious groups and philosophers.
