Development. When a language develops some type of inflection, such as verb conjugation, it normally produces certain typical (regular) patterns by which words in the given class come to make their inflected forms. The language may develop a number of different regular patterns, either as a result of conditional sound changes which cause differentiation within a single pattern, or through ...

### Regular and irregular verbs - Wikipedia

Mood in verbs refers to one of three attitudes that a writer or speaker has to what is being written or spoken. The indicative mood, which describes most sentences on this page, is used to make a statement or ask a question.The imperative mood is used when we're feeling sort of bossish and want to give a directive, strong suggestion, or order:. Get your homework done before you watch ...
