The Ultimate List of Zero Waste Swaps - Going Zero Waste

Zero Waste is a philosophy that encourages the redesign of resource life cycles so that all products are reused. The goal is for no trash to be sent to landfills, incinerators, or the ocean. Only 9% of plastic is actually recycled. The process recommended is one similar to the way that resources are reused in nature. The definition adopted by the Zero Waste International Alliance (ZWIA) is:

Zero waste - Wikipedia

I wasn't entirely sure what to call this post, because it's more of a timeline. I get so many people asking me, what are the next steps after tackling the top 10 swaps ? Living a zero waste lifestyle, isn't like moving through a timeline. It's more of a choose your own adventure. Which i

The Ultimate Step-by-Step Guide to Going Zero Waste

Working towards a world without waste through public education and practical application of Zero Waste principles. The Zero Waste International Alliance has been established to promote positive alternatives to landfill and incineration and to raise community awareness of the social and economic benefits to be gained when waste is regarded as a resource base upon which can be built both ...

Welcome - Zero Waste International Alliance

Make zero-waste living easy with 20+ ways to minimize landfill-bound trash in your home. Take a minute to peruse the contents of the trash cans throughout your home. While this might not be the most pleasant (or pleasant-smelling!) activity, doing so can provide you with the information you need to ...

The year 2002 could probably be described as "the best of times, and the worst of times." One level, Korean cinema continued its breathtaking run of popularity with local audiences, winning over a 45.2% market share in Seoul, only slightly lower than the 46.1% recorded in 2001 (market share in Korea as a whole was likely higher, but harder to measure).
