Keep in a warm or hot location, with indirect sun. Anthurium plants thrive in daytime temperatures between 80 and 90°F (27–32°C). If this is not possible, the plant will typically survive indoors at temperatures above 60°F (15.5°C), but warmer is better. Avoid direct sun, which may burn the plant, but keep it in a bright location to encourage blooming.

## How to Grow Anthurium Plants: 15 Steps (with Pictures ...

Campaigns for Recycling. Perhaps the best way to improve recycling is to communicate how easy and effective it is to consumers. In addition to our ongoing Recyclebank partnership that provides valuable incentives to our residential customers to recycle, we've joined with Keep America Beautiful to help get the message out about recycling.
