World War III will be a war using technology. The US will be dragged into the Spratly conflict because of its Mutual Defense Treaty with the Philippines, one of the claimants, and maybe because of the US's present flagging economy and the high price of oil. The allies of the US would be dragged into the conflict as well.

### world WAR 3?? | Yahoo Answers

A world war would have to include countries from all corners of the world. Yes, it would be a crisis to the US, but we came out even better than we are today after the first stock market crash. I think it was just a coincidence that the first crash was during the beginning of WW2.

It is not like a country attacks us, but a radical group, let's say. Therefore, we can't attack the country but, rather, seek out the radicals and kill them-no easy task. Now, war is more complicated. I don't think we will see a WW3, but we will definately have more wars. We also have supposed safety nets in place to prevent another world war.

## Will There be a World War 3? | Yahoo Answers

World War III is not on the offing because the conflict in the Middle East is only confined to it. New republics that will violate International law will be immediately stopped by the UN. Iran, China, Russia and North Korea are not a menace to world peace because they will be controlled by the world community.
