*Visual Studio Solution Explorer Sync With Editor - Thank you for reading visual studio solution explorer sync with editor. Maybe you have knowledge that, people have look numerous times for their favorite novels like this visual studio solution explorer sync with editor, but end up in malicious downloads.*

*Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some infectious virus inside their computer.*

*visual studio solution explorer sync with editor is available in our digital library an online access to it is set as public so you can download it instantly.*

*Our books collection saves in multiple countries, allowing you to get the most less latency time to download any of our books like this one.*

*Kindly say, the visual studio solution explorer sync with editor is universally compatible with any devices to read*

### Visual Studio Solution Explorer Sync

I have a huge solution with multiple projects. Sometime I need to navigate to a file in Solution Explorer.Using the VS 2010 'Navigate To' feature I can open any file by name in Visual Studio 2010 but I want to be able to select the file in Solution Explorer as well?

### How to locate a file in Solution Explorer in Visual Studio ...

Normally, many files in Visual Studio 2010 are opened in many tabs, while massively working on a project. Many times I find myself right-clicking on tab-title and searching for "Show/Select/Scroll-to this file in Solution Explorer", and I can't find it.

### Auto select file in Solution Explorer from its open tab in ...

If for some reason Solution explorer is closed, you can reopen it from the view menu, or with the key command Ctrl + Alt + L.. Also note visual studio changes window preference sets when going into debug mode (similar to the Eclipse "Perspective" switch, but less jarring), so if you closed it both in normal/design mode and in debug mode, you would likely have to reopen it for both modes ...
